Investor Briefing

Full year results to 31 March 2020

14 MAY 2020
Important notice

This presentation is given on behalf of Xero Limited (Xero) (ASX:XRO) (Company number NZ 183 0488, AU ARBN 160 661 183).

Information in this presentation:

- is for general information purposes only, and is not an offer or invitation for subscription or purchase of, or a recommendation to invest in, Xero securities
- should be read in conjunction with, and is subject to, Xero’s latest and prior interim and annual reports, including Xero’s annual report for the period ended 31 March 2020 and Xero’s market releases on the ASX
- includes forward-looking statements about Xero and the environment in which Xero operates, which are subject to uncertainties and contingencies outside of Xero’s control – Xero’s actual results or performance may differ materially from these statements
- includes statements relating to past performance, which should not be regarded as a reliable indicator of future performance
- may contain information from third parties believed to be reliable, but no representations or warranties are made as to the accuracy or completeness of such information
- includes Non-GAAP measures as we believe they provide useful information for readers to assist in understanding Xero’s financial performance. Non-GAAP financial measures do not have a standardised meaning and should not be viewed in isolation or considered as substitutes for measures reported in accordance with NZ IFRS. These measures have not been independently audited or reviewed

All information in this presentation is current at 31 March 2020, unless otherwise stated.

All currency amounts are in NZ dollars, unless otherwise stated.

Due to rounding, numbers in this presentation may not add up precisely to the totals provided and percentages may not precisely reflect the absolute figures.

See page 34 for a glossary of the key terms used in this presentation.

How we’re responding to COVID-19

Supporting our people to ensure their safety and wellbeing

- Offices closed globally and all staff working from home
- Remote working technology, communication tools and wellbeing support
- Restrictions on travel and in-person events, cancelled Xerocon Sydney 2020, fully virtual annual general meeting

Helping customers and partners with immediate needs

- Xero Central as our main customer support centre, with a business continuity hub for live webinars and other targeted resources at central.xero.com/s/business-continuity
- A dedicated customer response team available 24/7 for case-by-case guidance
- Deferral of planned price rise
- Ensuring quality and continuity of Xero’s cloud-based platform

Prioritised product development

- Extending pilot access of Short-term cash flow and Business Snapshot features to all Business Edition customers
- Simplifying and automating payroll and tax changes to help small business with reporting data, proving eligibility for and accessing government stimulus benefits
- In-product prompts and reminders to help stay on top of government initiatives
The COVID-19 environment

What are we seeing?
Overall, Xero usage levels have remained relatively steady during 2020 calendar year, as measured by subscriber login activity.
Subscriber additions slowed towards the end of March 2020. All regions impacted with UK to a greater extent.
Initial analysis of Australian subscribers indicates sectors most impacted were hospitality, and arts and entertainment.

What are we hearing?
Xero voice-of-customer surveys indicate most have been significantly impacted by COVID-19, with many foreseeing a negative business outlook.
Main concerns of small business customers:
- Managing cash flow
- Digital tools and the need for rapid up-skill
- Retaining and motivating staff
- Work-life balance

What are customers doing?
Some actions small businesses are taking:
- Business continuity planning, protecting employees
- Managing cash flow and capital resources, accessing government stimulus packages
- Widespread adoption of digital tools such as videoconferencing and e-commerce platforms
- Adapting and pivoting business models and services to respond to new market dynamics

Driving growth through the platform

FY20 revenue composition

- Core accounting: 2%
- Platform revenues\(^1\): 2%
- WorkflowMax\(^1\): 7%
- Non-recurring\(^3\): 89%

Group operating revenue $718.2m

FY20 revenue growth YOY

- Core accounting: 28%
- Platform revenues\(^1\): 82%
- WorkflowMax\(^2\): 19%
- Non-recurring\(^3\): 33%

\(^1\) Platform revenues include revenue derived from related services, including adjacent products (such as Hubdoc), add-ons with incremental revenue (such as payroll and expenses modules), payments and revenue share agreements with partners

\(^2\) Revenues relating to WorkflowMax, online workflow and job management software

\(^3\) Non-recurring includes revenue from events (such as Xerocons and roadshows), and other non-subscription or platform services
Investing in great products, leveraging the ecosystem

**Code-free accounting**

Hubdoc bundled into all Business Edition plans globally
- Single sign-on with access from inside Xero
- Smarter, faster data capture from bills, receipts and other sources
- Less manual data entry and coding reduces errors, saves time
- Simpler bank reconciliation process

**Integrated tax prep and filing**

Xero Tax launched at no extra cost through Partner Program in UK
- Features include single sign-on, multi-user review, e-signing, auto tax adjustments
- Completed Corporation Tax and Accounts Production for micro entities, and small companies abridged accounts
- Preparing for MTD for Income Tax (personal tax, trusts, partnerships and estates)

**Better business and cash flow insights**

Business Snapshot and Short-term cash flow pilots being extended to all Business Edition customers
- Business Snapshot provides a simplified, quick-access financial metrics dashboard
- Short-term cash flow projects a 30-day bank balance to help with cash flow management decisions

**Industry recognition**

¹doc #US45837020, April 2020
Payments and access to capital

Receiving payments
- Get paid by customers faster, and with more ways to pay
- Streamlining automatic payments and facilitating settlement of invoices on the spot or through direct debit
- Enhanced functionality like Stripe feed and daily sales summaries in Square
- Point-of-sale integration for richer transactional data with Square in Australia
- Extension of GoCardless partnership to North America

Paying bills
- Bank agnostic solution in the UK through TransferWise
- Automating bill payment processes, simplifying repetitive manual tasks
- Reducing chances of human error
- Seamless and more secure processes, eg direct connection to NAB avoids handling of ABA files
- Transaction-based, tiered pricing plans

Access to capital
- Better ways to access capital through ecosystem partners
- Options for invoice financing, lines of credit and cash advances, medium to long-term financing
- Working with wide range of established providers and new model fintech offerings
Financial results

Kirsty Godfrey-Billy
CHIEF FINANCIAL OFFICER
Managing COVID-19 financial risks

Focus on costs and capital allocation

Identification of fixed and variable cost base elements:

- **People:** Selective approach to staff-related costs including hiring, compensation and travel
- **Workplace:** Support for extended office closures and work-from-home arrangements
- **Procurement:** Reassessment of vendor agreements
- **Capital allocation:** Capital allocation and resource planning necessary to support and reprioritise strategic investment planning

Scenario planning

Rigorous stress testing of revenue, spending and investment outlook under a range of scenarios by market, considering:

- **Gross subscriber additions:** Impact of macro conditions and lead indicators external to Xero, eg web traffic, trials, business closures and new business creation rate
- **Subscription cancellations and churn:** Customer sentiment and small business performance indicators
- **Other revenue contributors:** Eg Xerocon and other events

Group cost structure

- **Cost of revenue:** 43%
- **Sales and marketing:** 31%
- **Product design and development (gross):** 14%
- **General and administration:** 12%

</tr>
<tr>
<td>LTV</td>
<td>$2,422</td>
</tr>
</tbody>
</table>

Strong track record of value creation:
- >$1.1 billion LTV added in 12 months
- LTV grew 1.7x in last 2 years
- FY16 to FY20 CAGR for LTV was 34% for ANZ and 52% for International
Contribution margins positive in both segments

Australia and New Zealand contribution improved 24% YOY, exceeding revenue growth of 22% YOY due to continued operating discipline and scale benefits.

International full year contribution positive for the first time in FY20 as scaling and CAC efficiencies offset continued investment to drive subscriber additions.
Operating revenue growth of 30% YOY (29% constant currency), driven primarily by subscriber growth across all markets combined with modestly positive ARPU trends.

EBITDA improved $64.6 million YOY, resulting in a 6.0pp increase in EBITDA margin over the period as the business continues to benefit from scale and efficiency improvements.

EBITDA excluding impairments increased by 52% YOY while EBITDA margin, excluding impairments, increased by 2.8pp.

Achieved first time full year net profit of $3.3 million.

</tr>
</tbody>
</table>
Both Australia and New Zealand and International segments saw positive gross margin trends.

Gross margin improvement powered by efficiencies in cloud hosting and other platform-related benefits which are driving further improvements to customer service quality at a lower cost.

Sales and marketing costs increased by 26% YOY which was lower than growth in operating revenue in FY20. This resulted in a 1.3pp improvement YOY in CAC as percentage of revenue.

Product investment level stabilised and will continue to support longer-term strategic priorities and related technological needs. Hubdoc and Instafile were acquired and successfully embedded into the product portfolio over FY19 and FY20.

Strategy update

Steve Vamos
CHIEF EXECUTIVE OFFICER
Strategic trends

Adoption of cloud technologies

Digitisation of tax and compliance

Innovation in financial services

Post COVID-19 small business economy
Strategic Priorities

Drive cloud accounting

Grow small business platform

Build for global scale and innovation

Why We Exist

Purpose
Make life better for people in small business, their advisors and communities around the world

Vision
To be the most insightful and trusted small business platform

Values

#Human
#Challenge
#Team
#Ownership
#Beautiful

Outcomes

Our Customers
Customers and partners are more successful and confident on Xero

Our People
Our people are doing the best work of their lives

Xero
Long-term value creation by becoming the small business platform of choice
# Areas of planned strategic investment

## Strategic Priorities

### Drive cloud accounting
- Best-in-class cloud accounting for small business
- Extend access and distribution to serve all small businesses
- Serve small businesses with multi-lingual editions

### Grow small business platform
- Small business needs beyond accounting and compliance
- Payments and access to capital
- New applications leveraging data, AI and machine learning

### Build for global scale and innovation
- Attract, inspire and retain world class talent
- Robust technology to drive innovation at speed
- Optimised operational and financial structure

## Areas of Planned Investment

<table>
<thead>
<tr>
<th>Areas of Planned Investment</th>
<th>Impact</th>
</tr>
</thead>
</table>
| **Drive cloud accounting** | - Increased adoption of cloud accounting within Xero’s existing markets  
- Extension into new segments and geographies |
| **Grow small business platform** | - Increased platform revenue contribution  
- Increased attach and usage of ecosystem apps and financial services products |
| **Build for global scale and innovation** | - Improved scale and efficiency indicators  
- Revenue from new product launches  
- Disciplined capital allocation |

## Impact

- Increased adoption of cloud accounting within Xero’s existing markets
- Increased platform revenue contribution
- Improved scale and efficiency indicators
- Revenue from new product launches
- Disciplined capital allocation
Social and environmental impact

**Business Support and Communities**
Launch of Xero Assistance Programme in New Zealand and partnership with Beyond Blue in Australia

**Diversity & Inclusion**
Included in 2020 Bloomberg Gender-Equality Index

**Environment**
Completed retrospective 100% carbon offset for FY19 footprint through three internationally recognised environmental and conservation projects
While Xero has performed strongly in FY20, trading in the early stages of FY21 has been impacted by the COVID-19 environment. The continued uncertainty surrounding COVID-19 means it would be speculative for us to say anything more at this time on its potential impact on our expected performance for FY21.

Xero’s ambition is to be a long-term oriented, high-growth business. We continue to operate with disciplined cost management and targeted allocation of capital. This allows us to remain agile so we can continue to innovate, invest, support our customers, and respond to opportunities and changes in our operating environment.

Glossary

Subscribers
Subscriber means each unique subscription to a Xero-offered product that is purchased by an accounting partner or an end user (small business subscriber) which is (or is available to be) deployed. Subscribers that have multiple subscriptions to integrated products on the Xero platform are counted as a single subscriber.

AMRR
Annualised monthly recurring revenue (AMRR) represents monthly recurring revenue at 31 March, multiplied by 12. It provides a 12 month forward view of revenue, assuming any promotions have ended and other factors such as subscriber numbers, transaction volumes, pricing and foreign exchange remain unchanged during the year.

ARPU
Average revenue per user (ARPU) is calculated as AMRR at 31 March divided by subscribers at that time (and divided by 12 to get a monthly view).

Churn
Churn is the value of monthly recurring revenue (MRR) from subscribers who leave Xero in a month as a percentage of the total MRR at the start of that month. The percentage provided is the average of the monthly churn for the previous 12 months.

Constant currency
Constant currency comparisons for revenue are based on average exchange rates for the 12 months ended 31 March 2019. Comparisons for ARPU, AMRR and LTV are based on exchange rates at 31 March 2019.

Lifetime value (LTV)
LTV is the gross margin expected from a subscriber over the lifetime of that subscriber. This is calculated by taking the average subscriber lifetime (1 divided by churn) multiplied by ARPU, multiplied by the gross margin percentage. Group LTV is calculated as the sum of the individual segment LTVs, multiplied by their respective segment subscribers, divided by total Group subscribers.

CAC months
Customer Acquisition Cost (CAC) months are months of ARPU to recover the cost of acquiring each new subscriber. The calculation is sales and marketing costs for the year excluding the capitalisation and amortisation of commissions paid to sales people, less conference revenue (such as Xerocon), divided by gross new subscribers added during the same period, divided by ARPU.

Liquid resources
Liquid resources comprises cash and cash equivalents, short-term deposits including proceeds from convertible notes, and undrawn committed debt facilities.

Free cash flow
Free cash flow is defined as cash flows from operating activities less cash flows used for investing activities excluding cash used for acquisitions of, and investments into, businesses and strategic assets.
